CLASSY BILL

FRED LYDON GOES INTO TRAINING UNDER MORGAN WILLIAMS.

Owing to the public being dissatisfied with the decision of the Labor day fight the Tonopah Athletic club has matched Fred Lydon, the ideal of Tonopah with Frankie Harris of Milwaukee, the best man of his weight on the Pacific coast.

In Harris Lydon will meet his equal in all respects except that of experience. Chas. Perryman, manager of Lydon, has secured Morgan Williams as a trainer and Williams needs no introduction to the west. Lydon can be seen in action every afternoon at the Firemen's gymnasium at 2:30 p. m., under the direction of Williams.

Frankie Harris is a veteran of 73 battles and late of the four Milwaukee leaders. Gene McGovern, Hobo Dougherty, Frankie Harris and Ad Wolgast. Harris has a 10 round draw with Wolgast to his credit in Los Angeles.

Harris will be seen in action every day at 3:30 at the Northern under the direction of Jack Dougherty. The club in addition to this great card will stage as a curtain raiser Soldier Dale of Monterey vs. Bob Bello of Tonopah for five rounds, and as a special event of six rounds they have matched Al Jellner, colored of Tonopah, and Wildcat Altman of San Francisco.

The smoker will take place Friday, September 12, at 8:30 p. m., in the Nevada theater.

BOSTON, Sept. 6.—The strike of employees of the Sturtevant blower works in Hyde Park, controlled by Governor N. Foss, has been ended by the acceptance by the strikers of the terms offered by the management.

Appetite teasers, everywhere. Be bakery wise. You know full well that some bakers carry a bigger line of bread, cakes, pies, cookies, doughnuts and bakery goods than others and it is common sense the one that has the trade carries the goods. We have both. Our shelves are always well stocked with first class goods. We employ only expert bakers and our delivery service is matchless.

NEGRO BUSINESS  
LEAGUE ISSUES  
A STATEMENT

IMPROVEMENT OF COLORED RACE IN FIFTY YEARS AHEAD OF EXPECTATIONS.

The following declarations have been issued by the National Negro Business league:

"The National Negro Business league, representing twelve state leagues, 600 local leagues and 3000 negro business and professional men in all parts of the United States take this occasion of our fourteenth annual meeting to call the attention of the people of American and of the world to the substantial progress of the negro race in these first fifty years of its freedom.

"Starting fifty years ago with a population of 4,500,000, of whom 3,980,000 were slaves, we number today more than 10,000,000 free people—a nation, within a nation, separate in its peculiar racial interests, but inextricably interwoven with all races and peoples in all that concern the progress and welfare of our common country.

"Starting half a century ago, without experience, without education, and without property, we today own and pay taxes on 20,000,000 acres of land, an area as large as the state of South Carolina; we own and control 100 insurance companies, 300 drug stores, 6 banks, 450 newspapers and more than 20,000 other businesses of various kinds and the total wealth of American negroes in land, homes, schools, churches and other forms of property amounts to more than \$700,000,000.

"In submitting this brief record of our material progress, we do not overlook the advance made in other directions. Fifty years ago, more than 90 per cent of the race was wholly illiterate. Today more than 70 per cent can both read and write.

"We submit that no other race or people, starting so low, has, within so short a time, risen so high. As proof of this assertion, we call attention to the fact that at the end of fifty years of freedom, not more than 30 per cent of the Russian serfs were able to read and write, and the amount of property owned by Russian peasants today, measured per capita, is not more than half that owned by the American negroes.

"In view of all these facts we believe we are justified in calling upon our people to lift their heads and look forward and upwards, confident that the future has more and better things in store for us than the past, and that if we continue to justify the hopes of those who believe in us, we will steadily increase the number of our friends among all races in this country.

"In urging our people to struggle on, and up, we do not overlook the special difficulties and discouragements which beset us, nor the wrongs and injustices we sometimes suffer, but we have learned in fifty years something of the road we have to travel and we trust in our ability to travel it in the future, as in the past, patiently, persistently and cheerfully, until we have gained for our race the position to which our value and usefulness in the community entitles us.
